Roblox Parental Controls

Want to know how to keep in control when your child goes on Roblox? Here is how you do it….
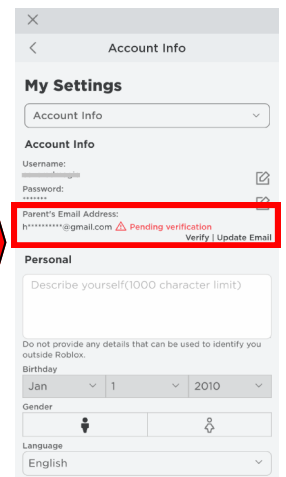

- ◆ Open Roblox and tap on the **More** button on the bottom
- ◆ Tap the **Settings** option
- ◆ Tap on **Account Info**
- ◆ Add your **email address** and click on the link when the email comes through

This will enable you to use the parental controls in Roblox and also means that, if their account gets hacked, you can reset the password using your email.

Roblox Parental Controls

How to use the parental controls once you have verified your email

To lock the setting with a PIN and automatically restrict contact settings:

◆ Go back to the **Settings** option.

◆ Tap on **Security** and scroll to the **Account Controls**.

◆ Enable **PIN** and **Account Restrictions.**

To manage how they can interact with other users (without turning on **Account Restrictions**):

◆ Go back to the **Settings** option.

◆ Tap on **Account Info.**

◆ Tap on **Privacy**

◆ Select options to turn off in-game chat, messaging and friending features
